<small>DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE</small>	
<p>Hanover Courthouse is a one-story T-shaped brick structure with a high hipped roof and modillioned cornice surrounding the entire building. Its most distinguishing feature is the beautifully executed five-bay wide front arcade. The walls are of brick laid in Flemish bond with glazed headers and there are three interior end chimneys, one located at the end of each arm.</p> <p>The front or west elevation is about 55 feet or five-bays wide and 28 feet deep, including the 13-foot-deep arcaded porch. The rear central arm is about 32 feet or four-bays deep and 27 feet or two-bays wide. The courtroom occupied the entire long central arm and is flanked by a room for the judge on one side and a jury room on the other. Each of these two small 14-foot-square rooms has a corner fireplace.</p> <p>Little altered, Hanover Courthouse is in very good condition and is still used for its original purpose.</p>

STATEMENT OF SIGNIFICANCE			
<p>Hanover Courthouse is a very fine and well-preserved architectural example of a type of courthouse building widely used in Virginia in the 18th century. The one-story T-shaped brick structure was erected around 1735. Patrick Henry first came into prominence where he successfully pleaded the Parson's Cause in Hanover Courthouse in December 1763. Henry lived across the road for some time at the still extant Hanover Tavern, which his father-in-law John Shelton acquired in 1760.</p> <p style="text-align: center;"><u>History</u></p> <p>Hanover County was created by an act of the Virginia Assembly from the western part of New Kent County in 1720 and the existing courthouse was built near the center of Hanover County around 1735.</p> <p>Patrick Henry first came into prominence where he successfully pleaded the Parson's Cause in Hanover Courthouse in December 1763. The early 19th-century small brick clerk's office and the stone jail typical of a small Virginia Courthouse group are nearby.</p> <p>Hanover Courthouse has been in continuous use since its construction and is still utilized for its original purpose. The building is open to visitors.</p>
